

ROLE CHARACTERS | EXPLAINED

Deep Details on the Hoodinals Discord Roles Acquisition.

The purchase of Role Character, gives you an opportunity to early grab and secure yourself a chosen Role in our Discord server and later on a Free NFT character of that Role (that you can stake through the Rune NFTs Staking Protocol to earn Rune token or else get an actual player character) all in our upcoming Web3 games platform depending on the price of the Selected Role Character you are willing to buy.

In this presentation, you will have

An overview of the Staking Rune NFT Characters in our upcoming Web3 Platform

- The Max Staking Rune NFT Characters of that Role
- The cost in USD pay in Rune token of that Staking Rune NFT Character (attention: these prices are just an estimation and not officially attributed. The costs may change in the future when the Web3 Platform is ready for production launch).
- The Rune token Reward per month for each Staking Rune NFT Character.
